Dual is the fifth book in Benjamin Campbell s 13books poetry series. Charting a range of topics throughout the year, these books aim to capture a slice of modern life. In this collection, the divisions of life are laid bare - the paradoxes of love, the conflict of human contact, the contradictions that lie in our hearts. Through it all, though, is a sense that these things can be reconciled; the sense that, somehow, we can become everything at once. You can read more of Benjamin s work at his blog,
