Praise for Service-Oriented Architecture Compass A comprehensive roadmap to Service-Oriented Architecture (SOA). SOA is, in reality, a business architecture to be used by those enterprises intending to prosper in the 21st century. Decision makers who desire that their business become flexible can jumpstart that process by adopting the best practices and rules of thumb described in SOA Compass. -Bob Laird, MCI IT Chief Architect The book Service-Oriented Architecture Compass shows very clearly by means of real projects how agile business processes can be implemented using Service-Oriented Architectures. The entire development cycle from planning through implementation is presented very close to practice and the critical success factors are presented very convincingly. -Professor Dr. Thomas Obermeier, Vice Dean of FHDW Bergisch Gladbach, Germany This book is a major improvement in the field. It gives a clear view and all the key points on how to really face a SOA deployment in today s organizations. -Mario Moreno, IT Architect Leader, Generali France Service-Oriented Architecture enables organizations to be agile and flexible enough to adopt new business strategies and produce new services to overcome the challenges created by business dynamism today. CIOs have to consider SOA as a foundation of their Enterprise Applications Architecture primarily because it demonstrates that IT aligns to business processes and also because it positions IT as a service enabler and maximizes previous investments on business applications. To understand and profit from SOA, this book provides CIOs with the necessary concepts and knowledge needed to understand and adapt it into their IT organizations. -Sabri Hamed Al-Azazi, CIO of Dubai Holding, Sabri I am extremely impressed by the depth and scale of this book! The title is perfect-when you know...
