Turner, United States, 2015. Paperback. Book Condition: New. Reissue. 230 x 155 mm. Language: English . Brand New Book. A deadly virus has broken out in Washington State. The standard procedures of quarantine and prescribed medical therapies have no effect. Victims are dying in only a few days. The same results are spreading throughout the nation, as the CDC begins to discover the terrifying truth: this virus is manmade. Now they must race to learn why this microbe, called a replicator, was specifically created for a human host. The replicator enters cells, kills them, duplicates, and moves on . . . to another host. And twelve cases today will be thirty thousand tomorrow--a replicator run that will put the entire United States at risk for destruction. Devin Parks is a reporter on the edge. Since his marriage crashed, chasing news seems pointless . . . until he realizes the devastating consequence of the outbreak. Devin soon uncovers a conspiracy that reaches from a luxurious corporate boardroom to the Sudan, from the mysteries of microbiology to an assassin s brutal expertise. But nothing Devin finds prepares him for the roller-coaster horror that is revealed when hopes of an antidote are dashed as nationwide vaccinations begin the Replicator is more cunning than imagined, because in its nanotechnological genius, its cure is worse than the disease . . .
