

## Links in the Chain: Environmental Concerns for the Global Economy and International Security

---

By Sean S. Costigan

KW Publishers, New Delhi, India, 2011. Softcover. Book Condition: New. First Edition. From the extraction and exploitation of natural resources, to the production of goods and their movement around the world all the way to consumption, the environment impacts every link of the supply chain. This paper will focus on expectations of what the future may resemble, examining current indicators related to such concerns as sea level rise, extreme weather events, climate change, economics, political security and their overall impacts for Asia, Europe and North America. Printed Pages: 22.

### Reviews

*An incredibly amazing ebook with perfect and lucid answers. It is written in basic terms and never difficult to understand. It's been written in an exceptionally basic way and it is only right after I finished reading this ebook in which it in fact modified me, affected the way I really believe.*

-- **Beverly Hoppe**

*Extremely helpful for all class of individuals. Better than never, though I am quite late in starting reading this one. I realized this publication from my father and dad suggested this ebook to discover.*
